We'll Run Your Paddy Rice...

and do the preliminary lab work for you.

We understand that making the decision to purchase your own mill is stepping into uncharted waters. You might have questions or concerns including: How do I know the quality of my rice? What kind of yield can I expect to receive from my crop? How long will it take to get a return on my investment? We get it. That's why we are here to help. Send us a 1 lb sample of your paddy variety(s) and we'll do a preliminary evaluation on our machines to let you know just what you can expect from your own Zaccaria mill. Just email us at info@ZaccariaUSA.com and tell us who you are and how to get in touch with you. We'll do the rest.

Did You Miss the Arkansas Rice Growers Association Meeting?

We had a great presentation at the ARGA meeting in last month. We were able to discuss some of the benefits of owning your own rice mill and show farmers just how lucrative having your own rice mill could be. In case you missed the presentation and wanted to catch up, check out the presentation for yourself by visiting YouTube and searching for our channel – ZaccariaUSA.
